

Partnerships in Health Trophy 2007

For a decade now, Fondation PH Suisse has held its exclusive golf tournament **Partnerships in Health Trophy** at the picturesque Golf & Country Club de Bonmont, whose professional team has made it possible year after year to enjoy a truly memorable day.

The lovely landscape, dotted with elegantly placed greens, and a beautiful view on Lake Geneva and the mountains in the background make it a worthwhile golfing experience.

Fondation PH Suisse tries to combine a sporting event with its desire to improve health services in countries that do not share the benefits we do.

The **Partnerships in Health Trophy** is a way in which businesses may partner in making lasting health improvements in our neighboring countries.

The first to tee-off: **Royal Bank of Canada** (from left) Rodrigo Lacerda Soares, Michael Lagopoulos, Leslie Brophy, and Michael di Santo
